PARENT LEADERSHIP

The Parent Leadership in State Government Training Project provides leadership training for Michigan parents who want to help impact local, state and federal program planning and policy development. The training covers improving leadership skills, making meetings most effective, how to successfully handle conflict, and many other topics.

During this two day long training, each parent will develop an individual action plan that will put his or her new leadership skills to use. Our staff helps put these action plans into place by providing assistance to newly trained parents seeking positions on advisory boards, committees and projects.

Who can apply for the training? Any parent in Michigan who has a child age birth to 18 years old and has received specialty public services in Michigan for their child.

How long is the training session? On day one the training will be held from 1pm – 8pm. On day 2 the training will be held from 9am – 4pm. Parents need to attend both days.

Where is the training located? Marquette is July 12-13, 2010 and Oakland County is July 20-21, 2010.

Is there childcare provided during the training? No, however we provide reimbursement for money you spend on childcare while at the training.

Who pays for the training? There is no cost to parents to attend. Parents also receive a honoraria for their time, mileage reimbursement, and hotel (if they are traveling over 50 miles each way). Meals during the training are provided.
